

GRAIN **X**-PRESS

FASTER BUSHEL IN THE BIN!

- MORE TRUCKS ACROSS THE SCALE
- DUMP & DRIVE TECHNOLOGY
- EXCLUSIVE AUTOMATION FROM POWERCOM

WHY INVEST IN GRAIN X-PRESS?

EXPRESS GRAIN TO BIN ADVANTAGE

- ✓ Capacity achieved by controlling truck conveyor speed
- ✓ Dump and drive gets the truck back on the road
- ✓ Power safe auto-start gets the hopper doors open

PROTECT MY INVESTMENT

- ✓ Truck conveyor speed self adjusts to prevent leg overload
- ✓ Gentle start increases belt and bearing life
- ✓ Powercom rotation sensor prevents catastrophic failure
- ✓ Dump and drive technology stops empty truck conveyor
- ✓ Less button pushing prevents accidental shutdown
- ✓ Three phase motor reliability even with single phase

KEEP MY EXPENSES DOWN

- ✓ Quick connections using the Powercom network
- ✓ Information center eliminates hand installed equipment
- ✓ Weatherproof poly-pro enclosure

"I do not have to worry about overloading the leg. I was able to load and leave. The support is great and on hand when you need them."

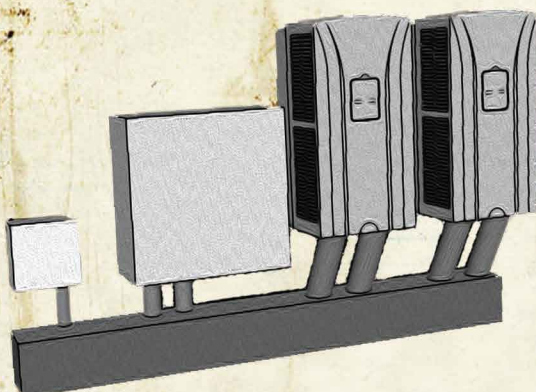

*Larry Becker
Lancaster, Kansas*

"The full automation saved on time, money and man power. I have been very pleased with the overall experience."

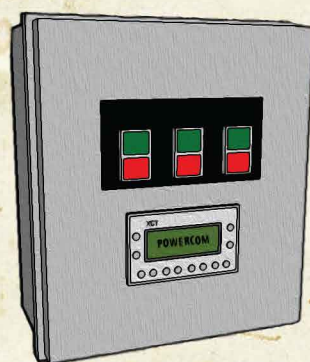

*Jay Hill
Hill Grain Farms
Veblen, South Dakota*

"I was able to run large motors and automate my system. I would recommend this product, the tech support was awesome! Can't say enough about how happy I was with them."

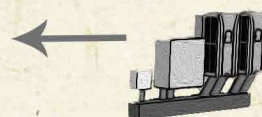

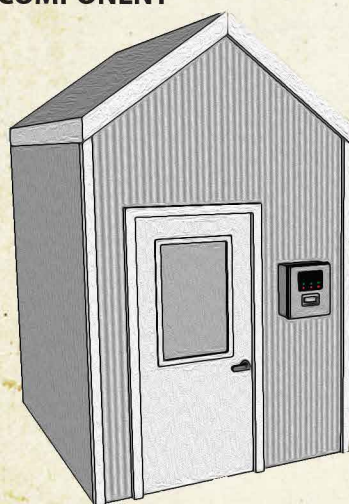

*Randy Wickham
Montezuma, Iowa*

INSIDE COMPONENT

OUTSIDE COMPONENT

FEATURES

- ENERGY SAVING VARIABLE SPEED WITH AUTOMATIC SHUTDOWN
- ZERO SPEED SENSOR PROTECTS THE LEG(S)
- SIMPLE PROVIDED CABLE HOOK UP OF OUTSIDE COMPONENT TO INSIDE COMPONENT
- DISPLAY INCLUDES OPERATION LOADS AND INTERACTIVE DIAGNOSTICS
- SINGLE TO THREE PHASE CONVERSION

OPTIONS

- ACROSS THE LINE MOTOR STARTERS FOR LEG(S)
- REDUCED VOLTAGE BYPASS STARTER FOR LEG(S)
- POWER SAFE AUTO-START

Check out these other great items at PowerCom

Mill X

- Increases energy efficiency
- Versatile integration
- Interactive troubleshooting
- Cold weather operations
- Solar compatible
- Sensor low/no grain detection

Pump X-cell

- Pump operates at 60hz
- Pump starts automatically
- Easy to use
- Digital pressure switch
- Remote options available

Bin X-defender

- Runs aeration fan & unload auger
- Variable speed
- Increase reliability
- Lower utility cost
- Connects to Internet

Solar

- Energy savings
- Reduce environmental impact
- Create energy, save money
- Low maintenance
- Versatile application

Air X-hale

- Digital pressure readout
- Prevents plugging
- Integrates easily with all dryers
- Speed control options
- Outdoor safe enclosure
